CINEMA NEAR YOU

Charting the processes and extraordinary lengths **ASH Waste Services** go through to deliver an

excellent service to their customers, this informative and highly entertaining corporate film promises to be the 'must-see' event of the film calendar. Directed by Gareth Hughes of Smashed Apple Productions, responsible for some of the leading corporate films currently in the market and filmed using state of the art HD cameras, the **ASH Waste Services** corporate film offers a 'no-holds-barred' account of what exactly it entails to ensure that corporate and commercial waste is dealt with in an efficient, effective and sustainable manner.

With exclusive access to the team behind the scenes, viewers will be left in no doubt, that when it comes to choosing an ethical and cost-effective waste management company that will best serve the needs of their business, they won't be calling the A-Team, they'll be calling the Waste-Team! Please check www.ashwasteservices.co.uk for the release date.

RECYCLED FACTS.....

1 RECYCLED GLASS BOTTLE WOULD SAVE ENOUGH ENERGY TO POWER A COMPUTER FOR 25 MINUTES!

Taken from www.recycling-guide.org.uk

Your corporate obligation is safe in our hands

'Remember, remember the fifth of November.'

November is always a time when every one of us is aware of our obligations when it comes to enjoying ourselves on Bonfire night. So, seeing as we are all psychologically predisposed to messages of responsibility at this time of year, we thought

would be a good time to quickly remind our current and potential customers that **ASH Waste Services** is not only a registered carrier of controlled waste, but also with recent changes to 'Duty of Care' legislation

and the introduction of the SIC code, we have your responsibilities covered too.

Happy Bonfire Night!

In this warm weather the only thing freezing is the price!

As winter descends, Christmas approaches and the days grow shorter, the one thing you can be sure of is that whilst costs traditionally rise in the last quarter of the year, the prices at ASH Waste Services won't!

'It's been quite a tough year for UK businesses on the whole,' explains **ASH Group's** Managing Director **Neil Hassall** on the commercial decision not to increase the price. 'Whilst many local and national waste management companies applied a price increase from 1st October, here at **ASH** we wanted to maintain our commitment to the growth of the UK economy by supporting

UK businesses through the stringent winter months, and felt that keeping our prices consistent was another way to achieve this.'

So, as retail gets ready for the seasonal push and the latest gizmos in glittering shop windows attract the widest eyes, remember that here, at **ASH Waste Services**, we not only help you manage your waste, we also help manage your costs, or, as the old adage says, help to put more filling in your stocking! Just remember we recycle textiles too!

Did you know...

...that if you're not already a customer of **ASH Waste Services**, we can save your company on average 10% to 15% on your annual waste management costs by providing you with a free waste audit service?

So, if you'd like to start reaping the benefits current customers enjoy and would like more money in your pocket and less in the bin, please give us a call and speak to one of our Business Development Managers.

FOR YOUR FREE WASTE AUDIT PLEASE CALL 0800 035 0447
